Bernkasteler alte Badstube am Doctorberg Riesling Kabinett Dr. Pauly-Bergweiler/Bernkastel-Kues - Germany

Terrior	The Doctorberg is the prime vineyard of Dr. Heidemanns-Bergweiler. It is only 4 acres in size and it is held to 100% in the hands of the family. The stony blue-grey clay slate is a residual soil having a very good heat-storing potential, which makes it possible to produce quality grapes for high-end wines. The high proportion of blue slate gives the wine a high content of minerals and finesse. Because of the partly more than 70year old vines the yield is very low.
Description	The Bernkasteler alte Badstube am Doctorberg Riesling Kabinett is lush and creamy in texture, with lime, vanilla, dried apricot and spice notes. The mineral component is submerged in young ages, but will surface in time.
Suggestion	This one goes well with American fusion cuisine. Try it with Korean Tacos (filled with bulgogi and kimchi) or Korean Burritos.
Quality Level	Kabinett
Varietal	100 % Riesling

We say:

„The Doctorberg brings us the most powerful wines in our lineup. With the deep layer of decomposed slate and its old vines it gets the backbone that is needed for aging.”
